### *Lady Broncos Win Two This Week*

The conference season begins well for the Lady Broncos. They first took on Northwestern on September 19<sup>th</sup> and won easily 3-0. Allison Kotschwar got things started with a n unassisted goal in the 42<sup>nd</sup> minute. It didn't take the Lady Broncos long to get the second goal. Just 7 minutes later, Megan Mikel scored an unassisted goal. Then in the 67<sup>th</sup> minute, Davonne Holland received a long pass from Allison Kotschwar, and she found the back of the net. The Lady Broncos outshot the Red Raiders 13-1.

Next the Lady Broncos played Midland Lutheran in Fremont Wednesday. The team came away with a hard fought 1-0 win. Coach Flogaites was very pleased with the performance. He said, "Midland is super athletic and we worked every hard throughout the match. Every player contributed to the maximum and no one can question the effort and desire of the footballers yesterday; it was nothing short of a really good complete performance of which I have zero complaints." Jesse Herse scored the only goal for her 4<sup>th</sup> of the season and was assisted by Sara Wenzl. The defense continues to play well as they have 6 shutouts in 8 games and average .25 goals a game.

The women's team then had to turn around the next night and play York College. Coach Flogaites sees this match as a mental test after going 90 minutes against Midland the night before. Then they must turn around a day and a half later and travel again and play Dakota Wesleyan. He is anxious to see how the team will respond both physically and mentally.

#### Coach Flogaites' thoughts on Dakota Wesleyan

Let me start by saying that Dale Rhoden is a coach that I have alot of admiration and respect for, I think he cares about building a program the right way and their results this season so far is evidence of that fact. Their squad has had some really great wins and there is little question that its full throttle for both squads on Saturday. The nice part about futbol and to some extent life, is that you often *do* get a second chance, and after the circumstances that surround last year's match we are looking for come full circle and leave with a decidedly different result. We are focused as a squad and are fully aware of the high caliber of futbol that Dakota Wesleyan is capable of at the moment. Having said that there is no secret that we want this match badly and I believe that our desire will be at its highest, as we have something to prove. The feeling after the match last year for us was very bitter for a number of reasons and we would like to remove that taste and get beyond it if possible. We want to do our best to let the futbol do the talking.
